

“CHALLENGES TO MODERN LAW: AN INTERNATIONAL PERSPECTIVE”

CALL FOR PAPERS

Venue: Kazimieras Simonavicius University & online

Contact: mlconference@ksu.lt

Website: www.ksu.lt/mlconference

Date: May 27-28, 2024

Language: English

Scope: The dynamic and swiftly changing geopolitical landscape necessitates constant review of legal frameworks, an in-depth examination of conceptual constructs, and an exploration of the feasibility of conceiving novel norms, instruments, and paradigms capable of effectively addressing the multifaceted challenges of our era.

This conference aspires to fulfill its role as a platform for the rigorous analysis of contemporary legal complexities and the assessment of the legal framework's functionality within national and international communities, ultimately contributing to the advancement of legal scholarship and practice in the evolving legal landscape of our interconnected world.

Presentations and research papers are invited on topics relevant to the theme, including (but not limited to):

1. **Transnational Jurisprudence:** Exploring the evolution of legal norms in the context of globalization, and their impact on national and international legal systems.
2. **Constitutional Law in a Global Context:** The evolving role of national constitutions in an interconnected world.
3. **International Legal Instruments and Norms:** The impact of international treaties and conventions on domestic constitutional arrangements.
4. **Challenges to Human Rights:** Balancing national security concerns with the protection of individual rights in the international arena.
5. **Legal Landscape of Business Environment:** Examining the impact of regulatory compliance, corporate governance, and ethical considerations on global commerce.
6. **Aviation and Space Law:** Assessing the legal frameworks governing aerospace activities and international space law.
7. **Sustainable Development and Environmental Law:** Analyzing the role of international environmental agreements in fostering sustainable development and addressing ecological challenges.
8. **Technology, Cybersecurity, and Legal Frontiers:** Investigating the legal implications of emerging technologies, cybersecurity, and digital governance in a global context.
9. **Legal Studies and Research:** Examining the evolution and trends in legal education, scholarship, and research in recent years.
